Aya Harrasse

Computer Science Engineering Student

Toulouse, France | ayaharrasse123@gmail.com | github.com/ayaharrasse123-sys

PROFILE

Computer science engineering student at Toulouse INP–ENSEEIHT, with a background in mathematics and physics. Interested in artificial intelligence, programming, and practical problem-solving.

EDUCATION

Computer Science Engineering — in progress
Toulouse INP–ENSEEIHT · Toulouse, France

Scientific preparatory studies (prépa)
First year — Lycée Moulay Hassan, Tangier

Second year — Lycée Mohammed V, Casablanca

Mathematics and physics preparation for engineering studies.

RELEVANT COURSEWORK

Mathematics: Analysis and calculus; Linear algebra; Statistics; Measure theory; Lebesgue integration; Continuous probability.

Physics: Electromagnetism; Thermodynamics.

TECHNICAL & INTERPERSONAL SKILLS

Programming & databases	Python · Ada · SQL
Scientific computing	MATLAB
Operating systems	Linux · Windows
Interpersonal skills	Teamwork · Project management · Creativity · Problem-solving · Adaptability

LANGUAGES

Arabic — Native language

English — C1 — Advanced

German — Beginner

French — C1 — Advanced

Turkish — B1 — Intermediate

Self-assessed levels

CIVIC ENGAGEMENT

Participation in Climate Fresk and The Trial of King Kong (awareness of gender-based and sexual violence).

INTERESTS

Travel · Running · Reading · Cooking
